

Mallory Wetherigton Rally Workshop

August 7 & 8, 2021

Mallory has many years experience training dogs for rally, obedience and confirmation. She has trained and trialed multiple small and large breed dogs. Currently works at Alaska Dog Sports in Anchorage teaching basic puppy classes up through competition obedience and rally. She also has a passion for therapy dogs and helping handlers prepare dogs for therapy work.

She has put many rally titles on multiple dogs including most recently the Rally Champion Title on her boy, Ragnar.

Problems Mallory has experienced with her own dogs include running out of the ring, marking on signs and ring gates, and lack of attention. We all have behaviors to work in during our trialing experiences. Mallory enjoy spending time with people to support their attainable goals with their dogs.

Highlights: Ragnar is the 2nd Boston Terrier and 2nd dog in Alaska to earn the Rally Champion Title. He is the first Grand Champion Rally Champion in the history of Boston Terriers. He is

one of 170 all breed dogs to earn more than 10 high awards in obedience and rally, numbering at 16 High Triple Combined, 13 High Combined scores and 2 High in Trials.
