NOTICES TO EXHIBITORS

Exhibitors, judges, and volunteers will be required to comply with all CDC, State and local mandates in place at the time of the event. If the entire event must be cancelled because of COVID-19 all entry fees will be refunded.

- Currently masks are required indoors when within 6 feet of others such as in the crating areas
- There be limited indoor crating will be on the right side of the barn and will be accessed by the door on the horse stall side.
- Trial committee and course builders will be crating in the hallway and kitchen, please wear masks in these areas.

Ring access for teams will be on the kitchen side door only and will exit after the run at the far end of the arena. As per AKC, there will be a leash runner but considering our arena exit, participants are strongly encouraged to carry their leashes. Leashes may be placed in your pocket, around your neck or waist while running your dog. Do not carry your leash in your hand because that becomes a “training aid” and you will hear the judge’s whistle as you are eliminated.

You will check in via the **Agility Gate App**. Instructions and pass code are sent out with the final entry confirmations. All moves must be within AKC rules and with permission of the judge. If you need to move a dog in the run order because you have multiple dogs, click “conflict”. After the run orders are posted on the Agility Gate App, the Gate Steward is the **ONLY** person to move dogs. The TV displaying the current run order and dogs in queue will be displayed out the kitchen window. The Gate Steward will be at a table near the ring and please respect the space around the steward’s station. The only time you may need to approach is if you can’t access the App or need to move a dog after the class has started the walk thru.

Preliminary class results will be posted outside (viewable at the kitchen window). Full results will be emailed to all exhibitors after the trial. Stickers for ribbons will be available for self-application, location TBA.

There will be only a limited number of printed maps however as per AKC maps will be posted as well as available via the Agility Gate App. and exhibitors will be emailed maps after they become available from the judge.

Gloves must be worn while operating the timer. DO NOT put sanitizer (liquid, gel or spray) on the timer itself. Gloves and hand sanitizer will be available in the timer / scribe. Please properly dispose of your gloves when you’re done working. **THANK YOU for volunteering!**

There will be NO FOOD for sale at this trial – please make plans to bring your own.

Class Descriptions

See the AKC Regulations for Agility Trials for current class descriptions.

A complete set of rules is available on the AKC website (www.akc.org) or by request from the American Kennel Club, 5580 Centerview Drive, Suite 200, Raleigh, NC 27606.

Exhibitors may enter a mixture of both Regular and Preferred classes on the same trial day and/or during a trial weekend. For example, the same dog may now be entered in Regular FAST and/or T2B to finish up those titles while also entered in Preferred Master STD/JWW to start working towards their PACH at the lower height. Any mixture of Regular and Preferred classes is allowed.

Please note that if a dog qualifies in Regular Master Standard and Preferred Master JWW (or vice versa) on the same trial day, then NO Double Q shall be earned toward either the MACH or PACH title. The

Double Q still requires that Standard Agility and Jumpers With Weaves be either both Regular OR both Preferred on the same trial day. Additionally, within the same Regular or Preferred classes, a dog may now be entered in multiple jump heights within the same trial day. For example, the same dog may now be entered in 20-inch Master STD/JWW while also entered in 24C-inch Premier STD/JWW on the same trial day.

A separate entry form must be submitted when the same dog is being entered in a mixture of Regular and Preferred and/or different jump heights within the same trial weekend thereby clearly indicating which class(es) and/or jump heights belong together for each trial day of the weekend.

When calculating entry fees, treat multiple entry forms for the same dog as if only one form had been filled out. In other words, the 1st run entry fee is only paid once per day, per dog, even if that dog's runs have been submitted on multiple entry forms.

Fix and Go On allows exhibitors to immediately reattempt an obstacle at any time while on course when the dog's performance of an obstacle is not to their expectation. This allows the dog to successfully complete the obstacle then finish the course or leave the ring on a positive note. Using FNG will result in a non-qualifying score.

At the handler's option, dogs may run a course with or without a collar. The only collars allowed when running a course are flat buckle or rolled leather collars, but there shall be no attachments hanging or otherwise allowed on the collar. This shall not preclude painted or stitched designs or information on the collar. Dog's names and/or identifying information may appear on the collar.

Dogs may be entered in any height division they are eligible for but may only enter each class offered once per day. If a dog is entered in different jump heights the owner must submit separate entry forms, one for each height.

The following jump height divisions shall be used in all trial Regular classes:

- ✦ 8 Inches: For dogs 11 inches and under at the withers.
- ✦ 12 inches: For dogs 14 inches and under at the withers.
- ✦ 16 Inches: For dogs 18 inches and under at the withers.
- ✦ 20 Inches: For dogs 22 inches and under at the withers.
- ✦ 24 Inches: For dogs over 22 inches at the withers
- ✦ 24 Inch Choice: Dogs may be entered at this height at their owner's discretion if their measurement is 22 inches and under at the withers.

The owner may choose to enter their dog in Preferred classes and Regular classes at the same trial. A dog may only be entered once in each class offered. They may not enter a class in both Preferred and Regular.

If a dog is entered in Preferred and Regular classes the owner must submit two separate entry forms, one for Regular classes and one for Preferred classes. After the close of entry for a trial a dog may not be moved between Regular and Preferred classes except as noted in Chapter 1, Section 21.

Entering For Exhibition Only (FEO)

If still allowed by AKC at the time of entries, FEO will be offered in the Time 2 Beat. Participation in FEO is non-qualifying.

- FEO runs are treated as trial entries. The exhibitor must enter T2B prior to the closing date, pay class entry fee(s) and the Trial Secretary must record the entry in the Trial Catalog as part of the results for that class. FEO does not need to be noted on the entry form; the handler will declare the day of the show.
- Dogs may be entered in any jump height for FEO runs. If entered in an ineligible jump height, the team is committed to FEO for that run and must declare FEO on the start line. Day of show jump height changes are not allowed.
- The exhibitor must declare FEO in the ring prior to leading out.
- Toys are allowed in the ring
 - Toys must be non-audible
 - Toys may not leave the handler's hand
 - Toys that roll freely cannot be used
- Food/treats are not allowed in the ring
- FEO should be utilized for the benefit of the dog and not as a punitive correction. Harsh verbal and /or physical corrections shall not be tolerated. Any determination of harshness by the judge shall be immediately whistled and the handler will be dismissed from the ring.
- A judge must monitor the entire run. Judges can stop a run at any time – Time is course time – not max course time.

Fix and Go On (FNG)

If still in effect by AKC, Fix and Go On will be for all classes. FNG allows exhibitors to immediately reattempt an obstacle at any time while on course when the dog's performance of an obstacle is not to their expectation. This allows the dog to successfully complete the obstacle then finish the course or leave the ring on a positive note. Using FNG will result in a non-qualifying score. Fix and Go On is not pre-entered; rather, it occurs during the course of the run.
