Check out Laura's website for testimonials and learn more about her work.

## (Day 1) Stressed Performance Dogs

- Is Your Dog's stress negatively impacting Performance?  
(sniffing, avoids you, runs around, over aroused, barks, slow, tries to leave ring, unfocused, won't weave, scared)
- Does your dog perform better in practice than competition?
- Are you Ready for solutions for the stressed up or stressed down Dog?
- Learn how to identify and Overcome Triggers
- Practice innovative strategies to improve comfort in the ring!

Day 1 9 am - 5 pm (1 hr lunch break) Cost is \$200 for Club Members \$225 for Non Club Members

Day 2 9 am - 12:30 pm Cost is \$100 for Club Members \$125 for Non Club Members

Day 2 1:30 pm - 5 pm Cost is \$100 for Club Members \$125 for Non Club Members

Auditing Day 1 is \$50/day Day 2 is \$25/ session- No questions from auditors during the seminar in order to give the working spots the dedicated time. - Questions can be written and turned in at the end of the day for Laura to address. Dogs should be sequencing and or trialing. Dogs should be okay working around other dogs. Not anticipating multiple dogs working at one time.

Contact Connie Anthony (Seminar Coordinator) 907-347-5098 or [canwhoville@gmail.com](mailto:canwhoville@gmail.com) to reserve your place.

## (Day 2 morning) Daring Distance Agility

- Handlers learn the specific skills necessary for distance capabilities on typical courses seen at local events.
- We will build value in the dog's commitment to drive a line of obstacles away from you, quickly and confidently
- Laura will cover layering using clean verbals for lateral and linear distance for discriminations, threadles, backsides, directional, obstacles.
- Learn the latest techniques used by the best distance handlers in the world to get distance speed and precision.
- Challenges for all levels who want more distance skills in the tool bag.

## (Day 2 afternoon) Finding the Fastest Line

- Through detailed course analysis, Master Level handlers will learn how to evaluate various paths to determine the fastest line for their dog.
- Choose clear handling for the dog with attention to proper execution and timeliness.
